Just step into the preparatory room if you wish to see a model department on order. Perfect order prevails. There are four students, one in each corner of a 24 x 36 ft. room and the teacher occupies the center.

The Wightmen orchestra has begun work again and will soon be ready to furnish the best music in the valley. The Coleman ranch is disturbed quite frequently by the melodious outburst of notes from the cornet.

President Kimball has just returned from Salt Lake City where he has been attending

conference. He visited the school Friday morning and gave an interesting description of his journey. Welcome home Brother Kimball.

A students' society under the name of Polysophical society has been organized with James A. Duke as president, Mrs. Anna S. Coleman, vice-president and Miss Ettie Lee as secretary. It is a strong organization and a leading factor in the social line of the Academy. An interesting program is rendered every Friday night.
